

Urgent Care Association of America

Darin Jordan, MD, CPE

Darin Jordan is a board-certified family physician. He is the Medical and Operations Director of Central DuPage Hospital's Convenient Care System and is responsible for day-to-day administration, clinical care, and financial operations. Dr. Jordan is responsible for over 200 employed physicians and staff, who treat over 180,000 patients annually. Dr. Jordan also serves on the Central DuPage Hospital medical executive committee, as well as several other hospital committees. In addition to his Medical and Operations Director position, Dr. Jordan is on the teaching faculty of Hinsdale Family Practice Residency Program, Hinsdale, IL, where he mentors and lectures over 25 residents weekly in outpatient clinic medicine.

Dr. Jordan graduated medical school at Rush Medical College in 1997 and completed residency at Hinsdale Family Medicine Program. He has served as an urgent care and family medicine clinician for over 10 years. During his transition to medical management, Dr. Jordan became a Certified Physician Executive through the American College of Physician Executives, and also completed the Physician Leadership Academy. He is currently finishing his MBA at the University of Massachusetts.
