

# Urgent Care Association of America

**Bill Lewis, MD**

Dr. Bill Lewis is the Senior Vice President of Medical Operations for Concentra Health Services. He has supervised over 200 physicians in ten states with 140 clinics in this role. Dr. Lewis is Board Certified in Emergency Medicine and trained and practiced emergency medicine and Urgent Care for ten years prior to getting an MBA and practicing occupational medicine. In 2007, Concentra began the conversion from Occupational clinics to mixed use Urgent Care and occupational facilities. Dr. Lewis is the lead Physician for this national initiative. It required implementation of associated cultural, policy, clinical and process changes on a national scale.

He is currently also responsible for the medical operations of non-clinic based services such as Physician consulting, Employer Onsite clinics, Mobile Services, TotalCare Wellness services and Utilization Review. He is a certified IME and interacts with employers, insurers and TPA's on a regional and national level in his roles. Dr. Lewis received his medical degree at Ohio State University and did his residency at the University of Oklahoma.
