

Urgent Care Association of America

DAVID J. VAN HOUTTE
Aetna's Director – National Ancillary Contracting

David has responsibility for management and national oversight for several ancillary networks. This includes contracting strategy, benefit design development, communications and reimbursement strategies for all Aetna's commercial and Medicare products. Service lines include dialysis facilities, national SNF organizations, cardiac monitoring, sleep study providers, retail clinic networks and national urgent care providers.

David has also played a direct roll in Aetna's ER contracting and communication diversion strategies and has partnered with several national plan sponsors in developing various communication and benefit design approaches.

Prior to his national role, David was in charge of contracting operations in Northern New Jersey, responsible for all Hospital and Ancillary contracting activities for market membership of 1 million members.

Prior to joining Aetna he was Vice President, Payor Contracting for Medical Resources, Inc. Responsibilities included all contracting oversight and revenue management for commercial, Medicare and Medicaid payers accounts for 65 Radiology facilities and 500 physicians.

Mr Van Houtte was also Senior Director Provider Services and Network Development for American Preferred Provider Plan and Manager, Network Development and Contracting for Health Net Inc.

David started out in the hospital business working for Overlook Hospital in Summit, NJ doing managed care contracting and developing several strategic physician alliances.

David earned his M.P.A degree in Health Policy and Managment from Seton Hall University in 1992 and his BA degree in Criminal Justice, Pre-Law from Stockton State College in 1990.
