

Urgent Care Association of America

Kim Ramirez, CPC, CPC-H, MPC

Kim Ramirez has extensive experience with coding for both physician and hospital services. Kim has been in the coding field for over 28 years. She has been an approved Professional Medical Coding Curriculum Physician and Hospital instructor with the AAPC for over 10 years, teaching and certifying over 1300 students. During this time, she has also worked for multi specialty clinics. She has worked with healthcare providers on a wide range of coding-related issues with a particular focus on Evaluation and Management coding.
