# 2019 Novel Coronavirus (2019-nCoV) Clinical Management Guideline

## Front Desk Staff: Ask & Mask
- Are you here for fever or cough?
- Any International travel, travel to Wuhan, China or affected areas within the last 2 weeks
- Yes- mask patient and inform Provider

## Provider Screening
1. Presents with influenza like illness **AND**
2. Has traveled to Suspect Area(s) Wuhan, China or has had contact with a person with known/suspected 2019-nCoV or who traveled to affected area(s) within 2 weeks

## Negative Screen
- No significant travel history; no contact with anyone with travel history

## Positive Screen - Yes
- Place patient in isolation room
- Initiate contact & airborne precautions
- MD/APP perform brief clinical evaluation
- **IF CLINICAL IMPRESSION CONSISTENT WITH 2019-nCoV**
  - **KEEP PATIENT ISOLATED IN PRIVATE ROOM**

## Path Complete
- Work-up as indicated

## If DOH Recommends Testing
**Diagnostic Testing**
- Perform rapid Influenza A & B in the center
- 3 NP swabs (DOH/CDC/Core Lab)
- 2 OP swabs (DOH/CDC)
- Sputum

**Reminder:**
- Send any other diagnostic test relevant for treatment based on clinical presentation and provider judgment

## Escalate to Regional AMD or Medical Director
- Who will consult with the DOH for suspect case and provide further instructions
- If DOH recommends testing

## For Specimen Pick Up
- Call Core Lab at (516) 719-1100 and request specimen pick up for CORONA VIRUS
- Core Lab staff will verify/reconcile specimens at time of pick up & place in a secondary container

## For Patients That Meet Guidelines for Emergent Transfer to a Hospital after Evaluation by Provider and Consult with the DOH
- **NOTIFY *NEM* FOR TRANSFER:**
  - (516) 719-5000 Option 9

## All Other Patients Not Meeting Emergent Hospital Transfer Guidelines May Be Discharged Home after Evaluation with Provider and Consultation with the DOH
